

Therm-Chek® 59-V-11

Stabilizer Product Profile

Product Description

Therm-Chek® 59-V-11 is a non-toxic, low odor powder stabilizer designed for use in PVC food packaging. The ingredients are listed under CFR 2-178.2010 and 181.24 for food contact applications.

The typical applications for Therm-Chek® 59-V-11 include bottle cap lines and food film wrap.

Therm-Chek® 59-V-11 is a stabilizer that provides good long-term process stability when compared to other non-toxic stabilizers in calendaring, extrusion or plastisol formulations.

Safety and Handling

Complete toxicity and handling information can be found on the Material Safety Data Sheet, which is available on request.
