

Therm-Chek[®] SP1546

Stabilizer Product Profile

Product Description

Therm-Chek[®] SP1546 is a calcium zinc heat stabilizer for use in food contact extrusion applications. Therm-Chek[®] SP1546 provides good initial color hold and long term stability in extrusion applications. The ingredients of Therm-Chek[®] SP1546 are approved for use in food contact applications under 21 CFR 178.2010 or 21 CFR 182.

Safety and Handling

Complete toxicity and handling information can be found on the Material Safety Data Sheet, which is available on request.

Typical Properties

Appearance	Off-white to white powder
Specific Gravity (25°C)	1.0497

FERRO CORPORATION
Polymer Additives
